***And now for something completely different: a Stitch Recipe of the Month.***

Making more time to stitch is important – especially this time of year when we are trying to get everything finished in time to meet holiday deadlines. We can’t praise this recipe enough.

### **CROCK POT BARBEQUE**

**1 Pork Roast – must fit crock pot**

**2 Onions, sliced**

**Garlic seasoning**

**Lemon Pepper seasoning**

**Your favorite Barbeque sauce**

Trim fat off roast and place in crock pot at lunch time. Sprinkle with lemon pepper and garlic seasoning. Place onion slices on top and cover. Cook on low heat until done. (Usually by supper time.) Remove roast from crock pot. It will be easy to pull apart. Serve on bun with favorite barbeque sauce or knock yourself out and serve with instant rice and butterbeans or another favorite vegetable. Yummy.
